Information

Mounting with cord and plug or for hardwiring. With programming by the customer, there is a possibility to disable the switch. An integrated memory function ensures that the lamp will return to its latest adjusted lumen output when power has been removed and restored. Head can rotate +/- 45° sideways. This product is fitted with an integrated energy-saving LED light source. Should you wish to replace it, please contact Louis Poulsen so we can help you purchase the correct LED Replacement Kit. Please note that LED-replacement should always be carried out by an authorised electrician. For the E-socket product variants, bulbs are not included. LED light source is part of the product.
